FRENCH GOVERNMENT UNCOVERS PLOT TO RESTORE MONARCHY

Assures Nation Plans Blocked After Inquiry Into Discovery of Revolutionary Body With Large Quantities of Munitions—"Real Plot Against Republican Institutions" Discovered

PARIS, Nov. 23 (AP).—A Royalist plot to overthrow the Republican Government and establish an immediate dictatorship, with eventual restoration of a King to the ancient throne of France, was uncovered, the Government announced tonight, in an inquiry into an armed revolutionary body with vast amounts of arms, mostly foreign made.

Interior Minister Max Dornoy in a statement assured the nation plans for the coup d'etat had been blocked and that the guilty would be punished.

Raid, extending from the German frontier through the capital to southern regions near insurgent-held Spain continued, however, indicating that the Popular Front Government was still on the hunt for leaders of the conspiracy.

Papers found in the office of Henri Deloncle, prominent engineering consultant, finally broke the Continued on Page 9, Column 5

TERRITORIALS IN HIGHER STATUS

Original Home Defence Force Raised to Level of Regulars

LONDON, Nov. 23 (AP).—Fundamental changes in the organization of Great Britain's territorial army to bring it up to the level of a regular force which can be used in the front line immediately on the outbreak of war were announced today by Leslie Hore-Belisha, Secretary for War.

The changes, the minister told the House of Commons, were designed "to recognize the full status of the territorial army as an integral part of our defence system, and to emphasize the fact that today that army has a claim to the same sources and standards of instruction as the regular army."

ORIGIN OF FORCE
Founded before the war by the late Lord Haldane, the force was intended as a militia to teach volunteering civilians the rudiments of warfare. It was meant primarily for use as a home defence force, and was frequently the target of gibes by the "regulars."

Under the new system a special committee will be appointed by the War Office to co-ordinate territorial units all over the country with one another and with the regular army. The territorial army will have its own director at the War Office who will sit on the Imperial Defence Council.

To permit higher training in military science for territorial commanders, two vacancies at the Staff College will be opened to them and another at the Imperial Defence College.

Reprimand Sequel to Acquittal

NEW WESTMINSTER, Nov. 23 (AP).—Louis Marriot, gasoline service station operator in Chilliwack, today was acquitted of manslaughter in the traffic death of Herman Wall, but was severely reprimanded by Chief Justice Aulay Morrison, of the British Columbia Supreme Court.

Mr. Justice Morrison said: "I do not agree with the verdict of the jury, and I hope this trial will be a lesson to you. Had the verdict been different, I should have dealt with you in such a manner as to make the public highways safer from men like you in charge of automobiles."

AIRPLANES COLLIDE

COULDSOON, Surrey, Nov. 23 (AP).—Two Royal Air Force planes collided in mid-air tonight and crashed in flames. Pilot-Officer Monty P. Richards and Pilot Officer R. V. Kean, sole occupants of the machines, were killed.

Dreaming of Life on the Ocean Waves

These Sea Cadets find it a slow process growing old enough to follow the pursuit on which they have their hearts set. Silently and longingly they were gazing at fishing craft when The Colonist cameraman happened along. Doubtless they were dreaming of the day when they would ship on vessels plying the seven seas.

COLONIES SECOND TO EUROPEAN EXPANSION

LONDON, Nov. 23 (AP).—Informed quarters tonight disclosed Great Britain and France planned to open bilateral discussion on the "German problem" following recent talks in Germany between Chancellor Hitler and Viscount Halifax.

The Foreign Office declined to confirm or deny a report the British Government had invited French Premier Chamberlain and Foreign Minister Delbos to come to London next week.

The report was strengthened, however, by developments in Paris. Delbos announced he had received an account of Lord Halifax's visit to Germany from the British Foreign Office and that Britain and France Continued on Page 3, Column 4

French Premier Invited to London

LONDON, Nov. 23 (AP).—Havas News Agency tonight said the British Government has invited Premier Chamberlain and Foreign Minister Delbos of France to London. The invitation was transmitted to Paris, said Havas, through French Ambassador Charles Corbin.

The agency added that a reply was expected tomorrow. British Ambassador Sir Eric Philipps called upon Premier Chamberlain in Paris today and was believed to have discussed the visit.

Mining Industry to Be Affected by New Alterations to Act

Stringent Control of Stock Exchanges, Brokers And Trading in Mining Shares Intended in Amendments Before Provincial Legislature

CONTAINING broad powers for the registration of stock brokers, salesmen and stock exchanges in British Columbia, amendments to the British Columbia Securities Act were introduced in the Legislature yesterday by Hon. Gordon S. Wismer, K.C., Attorney-General. Containing thirty-five sections in amendment to the existing law, the bill was taken through first reading, without comment.

The measure defines company officials to include the president, chairman, director, committee member, treasurer, secretary, manager or any other official of a company concerned with trading. Making express exemptions for sale of securities in other than a trading position, the bill provides for the filing of prospectus and certificate of clear or acknowledged title to mining properties by registered

Hon. E. McPherson Made Chief Justice Of Manitoba Court

OTTAWA, Nov. 23 (AP).—Hon. Ewen A. McPherson, former Manitoba Provincial Treasurer and one-time member of the House of Commons for Portage la Prairie, today was appointed Chief Justice of the Manitoba Court of King's Bench. Mr. McPherson succeeds Mr. Justice D. A. Macdonald, who died last month. The appointment was announced by Prime Minister Mackenzie King following today's Cabinet Council.

Spanish Air Raiders Busy Along Coast

MADRID, Nov. 23 (AP).—Spanish insurgent air raiders from Mallorca Island today bombed Government cities from Barcelona to Valencia along Spain's Mediterranean coast. Government dispatches reported the attacks killed and wounded more civilians than the number of combatant casualties suffered during the day in actual fighting on the war fronts. Property damage also was said to have been heavy.

BRITISH SHIP CALLS FOR AID

Freighter Strikes Submerged Object in Bahamas—Taking Water Forward

JACKSONVILLE, Fla., Nov. 23 (AP).—Two vessels steamed tonight toward the British freighter Nollington Court, which flashed a distress call after striking a submerged object in Mochori Passage, Turks Island, the Bahamas.

Coast Guard divisional headquarters ordered the cutter Mojave, patrolling at sea, to aid the vessel. Another British ship, the Chagres, reported she would arrive alongside the Nollington Court tomorrow. The distressed ship sailed out of Vancouver, B.C., for Liverpool.

Buffaloes Are Doomed To Butcher

WAINWRIGHT, Alta., Nov. 23 (AP).—Slaughter of 2,000 buffaloes at Buffalo National Park here got under way today when Sam Purshell, official rifleman for the Dominion Government at Elk Island and Wainwright, dropped ten of the animals in the enclosure where they had been driven.

The kill will be in full swing tomorrow and will continue until the 2,000 buffaloes marked for slaughter have been shot. The present herd is over 6,000, which is considered much too large for the facilities of the park.

AUTOMOBILE WORKERS PREPARE TO STRIKE
ST. LOUIS, Nov. 23 (AP).—United Automobile Workers of America prepared tonight for a scheduled strike at the Ford Motor Company assembly plant here, tomorrow, and announced at least 2,000 pickets would be on duty by 3 a.m., P.S.T.

BROKER RELEASED ON \$30,000 BAIL
WINNIPEG, Nov. 23 (AP).—Convicted Monday of theft from clients of the bankrupt brokerage firm of Anderson, Greene & Company, T. Cuthbert Anderson was freed tonight on \$30,000 bail, pending hearing of his appeal from conviction and sentence of four years imposed by Mr. Justice A. R. Dymally.

BRITAIN REINFORCING DEFENCE WORKS
LONDON, Nov. 23 (AP).—Official circles said tonight Great Britain is reinforcing its defence works on the island of Cyprus to strengthen her position in the Eastern Mediterranean. The Evening News meanwhile said Premier Churchill would soon visit the Dodecanese Islands, in the Eastern Mediterranean, to inaugurate an Italian naval and military base at Rhodes, partly in answer to the Cyprus undertaking and partly in re-emphasis of Italy's Mediterranean position.

THIRTY STRICKEN WITH FOOD POISONING
SPOKANE, Wash., Nov. 23 (AP).—Thirty unemployed men were stricken acutely with food poisoning tonight, several hours after eating at the state-sponsored boarding house for unmarried indigents. Fifteen were taken to emergency hospital from hotel rooms, one delirious. Dr. Ralph Hendricks, city health commissioner, said he did not believe any of them were dangerously ill, but said he would press an investigation of the case.

Police Find Body of Alberta Man Hunted for Murder of His Sister

BONNYVILLE, Alta., Nov. 23 (AP).—Manhunt over snow-filled roads and rough bush country north of Bonnyville ended late today when Royal Canadian Mounted Police found the body of Fred Mykolayshyn, forty-four, in a log shack in the middle of a lonely cemetery twenty-one miles north of Bonnyville. He was sought for the murder of his sister, Mrs. Dan Sagonik, forty, on Monday night. Bonnyville is 120 miles northeast of Edmonton.

Police had summoned Dale of Cawalla, famous R.C.M.P. "detective dog" from Westlock to assist in the search before the fugitive's body was found.

A long-standing dispute over a "land deal" resulted in the killing, police believe.

Member Declares Government Able To Control Fuel

Utilities Commission Could Be Set Up in Twenty-Four Hours, R. L. Maitland, K.C., M.P.P., Points Out in House—Macdonald Findings Praised as Budget Debate Continues

THE price of gasoline and coal in British Columbia could be controlled by a public utilities commission, which could be set up by the Legislature in twenty-four hours, R. L. Maitland, K.C. (Cons., Point Grey). The responsibility for action, however, lay with the Government, which should calmly and dispassionately consider the serious situation disclosed by the Macdonald report and decide what to do, Mr. Maitland said.

Touching on the subject early in his address, Mr. Maitland declared the report was a startling one. Gas and oil purchases by the people of the province amounted to some \$30,000,000 annually. The public was concerned with the suggestion that it had been overcharged. The Province had had important coal sections of the report for more than a year. Mr. Justice Macdonald had performed a great service to the people by his careful and outstanding report. Its findings were that some \$4,672,000 could be saved yearly if its recommendations were followed.

CITIZENS OBJECTIONS

Oil dealers countered that the price of eighteen cents a gallon for gasoline at Vancouver would mean five cents for the retail dealer, seven cents for the Provincial tax, a cent and one-quarter for excise, and leave only four and three-quarters cents for costs and profits of the business. Even, however, if another five cents were added, bringing the price to twenty-three cents, that would still be considerably less than the twenty-seven cents being

DEAR PROFESSOR GORDON:
I am seventy-one years of age. I have four sons, all of whom are disabled veterans or on relief. How can I get the Old Age Pension?
A CANADIAN MOTHER

ANSWER: If you have been thrifty enough to acquire a little property, you will be obliged to pay it for whatever pension the Government sees fit to give you. Were you fortunate enough to live under the Labor Government in New Zealand, you would receive an adequate pension at sixty years of age. A Government which pays Colonial Railways \$200 a day, and \$20 a day living expenses, and similar compensation to other friends, cannot pay adequate Old Age Pensions and balance the budget.

BUILDERS VIEW TRAVEL FILMS

Members of Exchange Enjoy Moving Pictures Shown by Herbert J. Pendray

More than 120 members of the Victoria Builders' Exchange were transported, through the medium of motion pictures, to widely-scattered sections of the world, where they were given an opportunity to compare architectural design and construction there with that of the Western world, by Herbert J. Pendray, at a dinner in Spencer's dining-room last evening.

Alderman Edward Williams, the chairman, expressed his appreciation of the large turnout and proposed the toast to the King. He paid tribute to Col. Ridgway Wilson, a guest at the dinner, who will shortly celebrate his fiftieth anniversary as a practicing architect in Victoria.

C. Elwood Watkins was introduced by the chairman and spoke briefly on behalf of the Architectural Institute of British Columbia, in the absence of the president, Henry Whitaker.

YEAR OF PROSPERITY

He said the members of the institute were thankful for a year of prosperity in 1937 and looked forward to another successful twelve months for both the institute and members of the builders' exchange.

A brief discussion period preceded the showing of Mr. Pendray's pictures, most of which were taken in technicolor.

Ruins of ancient temples in Angkor, Siam, as shown in the films, and buildings and modern temples in Bangkok presented a vivid contrast to structures in Rio de Janeiro, Buenos Aires, and other South American centres, as also buildings and projects in Egypt, Turkey and Cornwall, England.

Constructed between the sixth and thirteenth centuries, the temples in Angkor were made entirely of stone, no cement whatever being used.

Pendray pointed out, Phnom Penh, the capital of Cambodia, featured a unique design of architecture.

The Assuan dam in Egypt was also shown in Mr. Pendray's films, in

addition to views of the pyramids. Typically old English dwellings and scenes in Cornwall occasioned much interest from the gathering.

of Commonwealth & Southern Corporation, and reported progress toward an understanding which, if reached, might end the feud between private power and government, and embark the companies on a vast construction programme. Mr. Roosevelt announced Willie personally aided with the President in the latter's contention utility rates should be based on common law (prudent investment) theories of valuation, rather than reproduction or original cost.

2. President Roosevelt announced that to encourage home building he favored permitting the Federal Housing Administration to insure mortgages up to 90 per cent of the value of homes, instead of 80 per cent as at present.

UNDISTRIBUTED PROFITS

3. A House of Representatives committee decided tentatively to wipe out all but a trace of the undistributed profits tax, target of business criticism.

Douglas, in announcing his ultimatum to the exchanges, said figures on the activity of exchange members in recent stock market slumps "serve only to fortify further the conclusion, indicated repeatedly in our studies, that members of the exchange trading for their own account either create the daily price fluctuations or else contribute materially to their severity."

He asserted he would prefer to have the exchanges reform themselves to prevent artificial fluctuations, but indicated they were not ready to assume the responsibility

and that more extensive commission regulations may result.

FIVE-POINT PLAN

Douglas specified an acceptable plan would have to include:

1. Strict punishment of members guilty of "unethical or illegal" activities.
2. Transfer of exchange management from committees of members to paid and impartial experts.
3. Reduction in the number of exchange members.
4. Regulations to give full or "adequate" market effect to the transactions of small investors in odd lots, or less than 100-share trading.
5. Restrictions on floor trading on members and specialists.

Although Douglas mentioned recent activities on the exchanges, commission officials asserted the reorganization idea was not linked to the recent slump in security prices.

SHORT SELLING

Douglas said any study of United States markets over the past twenty-five years would reveal "that there has always been present a tendency upon the part of the professional trader to accentuate a declining market by selling short for speculative profits at a time when public distress adds a factor of demoralization."

He said that in one recent period 31 per cent of all the trading in one leading stock was short selling and about 25 per cent of all the dealing in five leading stocks was short selling. Forty-six per cent of the short selling, he added, was done by members of the New York Stock Exchange for their own accounts.

Other officers chosen were James Strachan as vice-president; treasurer, Rev. A. J. McKelvie; registrar, F. Schroeder; executive committee, Bruce, A. B. McNeill and Robert Allan; Huron, John Stewart and

George Jones; Grey, Victor Morrow and G. McEwen.

A committee representing the ladies will be named by the executive later.

ADDRESS ON PIONEERS

An interesting feature was an address by J. F. Bledsoe, who spoke on the subject of pioneers. He recalled the pioneer days spent by himself in the Southern and Western States of the Union. In this connection he told of buffalo stampedes and of the destruction of the grazing lands of the country, which had been turned into desert areas.

Mr. Bledsoe paid a compliment to the residents of Bruce, Huron and Grey, although he had never seen any of these counties. He had, however, known many of the residents who came to the West from these counties. They might well be proud of the pioneers who played such an important part in the opening up of a new country.

Forest Destruction Deplored by Women In Conference Here

Provincial Council Urges More Vigorous Protective Measures in Resolution Following Showing Of Film Here—Interview Cabinet Today

"THE lumber industry has been one of the great assets of this province. In the past it was necessary to use up a great deal of our timber to build up British Columbia. But we are getting to the point where we see the end of it, surveys indicating that within fifteen or twenty years the great Douglas fir will be gone, and other forest resources are being depleted also," said C. P. Melrose, of the provincial forestry service, addressing the Provincial Council of Women at the session here yesterday afternoon.

As a corollary to Mr. Melrose's address, which was preceded by a fine series of colored motion pictures of British Columbia's forests and others illustrating the destruction caused by improper logging methods and by fires, the council endorsed a resolution which will be among those to be presented by the delegation which interviews the Provincial Cabinet this morning at the Parliament Buildings. Framed by Mrs. Hugh Mackenzie, Victoria Local Council, this reiterates the council's stand that forest protection as carried on at present is unsatisfactory, and that a policy of reforestation should be more vigorously pursued.

A point particularly emphasized by Mr. Melrose, and graphically illustrated in his pictures, was the wasteful effect of improper logging and fires, which cleared trees so completely and over such a wide area that not even enough trees

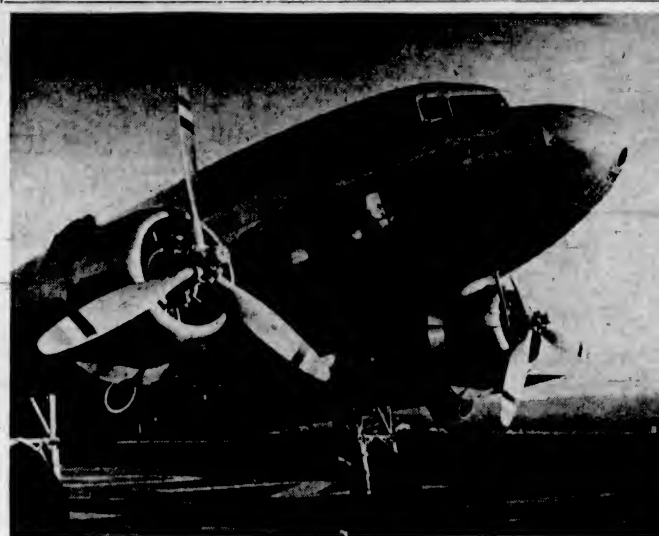

were left to furnish natural seed for second growth. The Government was becoming more alive to the need of developing technique of reforestation, and one nursery south of New Westminster would be able to supply an enormous number of young trees in the course of a few years.

MORNING SESSION

The council at the morning session heard from Mrs. Thomas Bingham, Vancouver, a report of the work of the Local Council there; Mrs. A. E. Hopkins reviewed the work of the Victoria Local Council, and reports were given by the representatives of New Westminster, Chilliwack, North Vancouver, Kamloops and Nanaimo councils. The report of the treasurer, Mrs. Grovesmith, was read by Mrs. Hopkins.

New Westminster submitted a resolution calling for the establishment of a chair of home economics at the University of British Columbia.

lumber, and it was decided to include this in the report to be taken to the Provincial Cabinet this morning. The meeting thanked Chilliwack Local Council for its invitation to hold the next meeting of the Provincial Council there. The matter has been left in the hands of the Provincial president, Mrs. C. C. Spofford.

The courtesy committee's report included the customary votes of thanks, and a special vote of thanks was accorded Mrs. A. E. Hopkins for assuming, at short notice, the role of secretary.

Members of the delegation waiting on the Provincial Cabinet this morning were asked to meet at the office of Mrs. Paul Smith, M.P.P., at 10:30 o'clock.

WOMEN TO HOLD MEETING TODAY

Mrs. George Black, M.P. for the Yukon, Speaks Here This Afternoon

Mrs. George Black, member for the Yukon in the House of Commons, will address a meeting of the Women's Conservative Association at 3 o'clock this afternoon. The meeting will be held in the association rooms on the top floor of the Campbell Building, and will be in support of Bruce A. McKelvie, Conservative candidate in Victoria's by-election.

At 8 o'clock tonight there will be a meeting in North Ward School, at which the speakers will be Hugh Allan, a past president of the Victoria Conservative Association; Warwick Rawson, chairman of the House Conservative campaign committee, and Mr. McKelvie. The chairman will be W. H. M. Haldane, Ward Five Association is also holding a meeting—in the Campbell Building at 8 o'clock, at which the speaker will be H. D. Twigg.

Tomorrow night, at the Royal Victoria Theatre, the Conservatives will hold a rally, at which Rt. Hon. R. B. Bennett, Dominion Conservative leader, will be the chief speaker. On Friday night, Mr. Bennett will address a public meeting in the Oak Bay Theatre Hall, and on Saturday night he will speak at the Esquimalt Athletic Association Hall in Esquimalt.

Hillman Cars Reduce Prices

An important statement of car prices and potential motor car values by Ben Grossman, of Jameson Motors Limited, distributors for Hillman cars for British Columbia. During the last year or so, the price of car materials has been going up. The cost of manufacture has increased to such a degree that we found ourselves confronted with this problem, should we raise the standard prices of our British cars or endeavor to increase our volume of sales and keep the price the same, including the twenty new dominant features over and above our 1937 models, which greatly improve the 1938 cars. Our cost for merchandising cars has been steadily going up.

Taking both the manufacture and selling cost-increase, makes a dual problem. After many months of careful thought, we have come to the conclusion that there is a way in which we can maintain the low price. This means more cars; to put it in plain figures, if, for example, where we previously sold 200 cars we can this year sell 250 cars, we shall be able to carry out our plans. This, together with the increased volume in the sale of Hillman Minx cars throughout the Province of British Columbia, enables us to give the public lower prices.

When a straightforward deal is offered to the Canadian public in plain terms, they respond, and we are confident they will give us the support we ask for now. It is with this faith behind us that we have framed our policy for this coming year. This is the reason of the lower prices.

dition which might affect its status. Safeguards are made with respect to assignments under the Bankruptcy Act. The Attorney-General or his agent is given leave to examine or impound the books of any concern, and may direct that all the assets, properties, and other possession of such concern remain untouched until the exchange of shares is affected, or release their trading at his discretion.

Canvassing for the sale of stock at residence or by telephone is ruled out, with exception of business with customary business associates and personal friends. Employment must not be offered as a bait with investment, nor in return for a loan. Misleading information issued by a company may be corrected by the Crown.

REGISTERED BROKERS

Investment counsel or advisers dealing in mining shares must first be registered brokers, and the representation may not be made that the Province has approved of any broker or salesman, property or project. Brokers may be prohibited from trading, and exchanges supported in their suspension or dismissal for just cause. Exchanges must become licensed, and such permission to operate may be revoked at any time.

The Attorney-General or his agent may enter an exchange to examine its books, accounts, methods of operation, and its bylaws must be filed with the superintendent of brokers within seven days of adoption. Stock exchange companies are made responsible for the actions of their members, and obliged to see they keep within the statute. Information in the hands of the superintendent of brokers is privileged.

ESCROW STOCK

Other clauses deal with release of escrow stock to bona fide prospectors and miners. The Lieutenant-Governor-in-Council is empowered to add such regulations as are deemed necessary, within the spirit of the statute. Companies include syndicates and other organizations, incorporated or otherwise. Licensed brokers will be subject to control as are real estate and insurance agents. Penalties for infraction include fines of up to \$25,000 for a company, and up to \$25,000 and six months for an individual. Investigation costs are chargeable against offenders, in certain instances. The bill is an instant measure, to be enacted when given assent.

PLAN JOINT STUDY OF GERMAN CASE

Continued from Page 1

viewpoint "on the questions raised by Hitler."

HITLER'S REQUESTS

Reliable diplomatic sources said that Hitler has asked Lord Halifax for three definite commitments, all regarded as unacceptable to Great Britain. They were reported to be:

1. British recognition that Germany has "special interests" in Central Europe.

2. Abandonment of Britain's attempt to obtain a general European settlement.

3. Agreement that the question of colonies and all other questions concerning Germany be settled bilaterally and without connection with the League of Nations.

Diplomats said these requests not only were unacceptable to Great Britain, but were against the fundamentals of British foreign policy.

TO MAKE STATEMENT

After a conference with Foreign Secretary Eden on the situation, Prime Minister Chamberlain announced he would make a statement to the House of Commons tomorrow. Some diplomats saw the reported request for recognition of Germany's special interests in Central Europe as Hitler's way of seeking a free hand in the Danube.

His "special interests," they said, meant the 30,000,000 "Germans" which he contends were divided

mainly among Poland, Czechoslovakia and Austria by the Treaty of Versailles.

GOAL OF FOREIGN OFFICE

Britain's attempt to gain a general European settlement has been the goal of the Foreign Office since the inception of the present Government. Speaking in the Commons on November 1, Mr. Eden said Great Britain was trying to strengthen the authority of the League of Nations to negotiate a European peace.

At the same time the Foreign Secretary said he hoped for German friendship, but added "such friendship cannot be exclusive and cannot be based on any one else."

Even if nothing concrete comes out of the Halifax-Hitler talks, diplomats said, Britain learned one thing—that Hitler was more interested in Central European expansion than in colonies.

Wait for Divorce Law in Guernsey

ST. PETER PORT, Guernsey, Channel Islands, Nov. 23 (AP).—A hundred and forty-four persons are waiting for Guernsey Island to become the first of Great Britain's Channel Isles to have a divorce law.

Seventy-two couples want divorces, which under a bill passed by the island's parliament they may have on these grounds: Adultery, desertion for three years, incurable insanity, habitual drunkenness, and imprisonment for not less than fifteen years.

BISHOP OF HONAN TO SPEAK HERE TONIGHT

A missionary meeting will be held in St. Mary's Hall, Oak Bay, this evening, when an address will be given by Bishop Lindel Tsen, of Honan, China. The Bishop of Columbia will preside.

Don't be careless when YOU catch cold. A cold should be covered quickly and effectively and treated for what it is—an INTERNAL infection requiring INTERNAL treatment.

The one best way to attack a cold at its source and drive it right out of your system, is to take GROVE'S BROMO QUININE. Grove's does the four things necessary to stop a cold.

1. It opens the bowels gently but effectively.

2. It combats the cold germs and fever in the system.

3. It relieves the headache and "grippy" feeling.

4. It tones up the system and helps fortify against further attacks.

When you feel a cold coming on go right to your drugstore and buy a box of GROVE'S BROMO QUININE. The large size box is the most economical to buy. Make sure you get Grove's. They're a WHITE box and they come with a sugar coating on plain.

Taken in time, GROVE'S BROMO QUININE usually stops a cold in 24 hours. This is the kind of action you need and get with GROVE'S BROMO QUININE.

ASKS FOREST POLICY NOW

Capt. M. F. Macintosh Urges Definite Programme of Reforestation in Province

Speaking at the evening sitting of the Legislature yesterday, Capt. M. F. Macintosh (Cons.) The Islands urged the Government to bring in a definite programme of reforestation at this session, one which could be applied over a number of years and would insure perpetuation of timber wealth of the province. The budget debate continued until a late hour, with Hon. Dr. G. M. Weir adjourning debate until today.

Touching briefly on the Macdonald report, Captain Macintosh said the commission's findings showed the necessity for a public utilities commission in British Columbia. If marketing boards could be set up for fruit, vegetables and milk, it was not too much to ask that gasoline and coal be properly controlled, he said.

PIONEER VENTURE

At the same time, the member for The Islands defended the coal operators from some of the abuse thrown at them in the debate. In 1884, he said, no one had known the extent and value of Vancouver Island coal lands, nor of its timber. The company that built the Esquimalt & Nanaimo Railway had accepted \$750,000 to perform a difficult and pioneering task, after a hard search for capital to start the venture. Hind sight was relatively easy, but the question before the Province was what should now be done.

Touching on increasing Oriental penetration of British Columbia, Captain Macintosh told of Japanese fishery fleets swarming to welcome a member of the Japanese royal household recently; an exhibition, he said, that had shown the great inroads made into British Columbia fisheries by those who could not be absorbed into the nation. Oriental penetration into British Columbia industry was a real fact, and one which Eastern Canada should be brought to realize without further delay, because no solution could be applied short of a national one.

FRANK PUTNAM

Frank Putnam (Lib., Nelson-Creston) urged on the Government a large scale programme of public works, including highway development. In no other way, he said, could the municipalities be helped or the province developed.

British Columbia would have been free from idle men now, had it not been for the great and continuous influx of transients from other points in Canada. These families were arriving at a rate of forty to sixty families a week, and as good Canadians, had to be taken care of by the Province.

Doukhobor trouble in British Columbia would disappear when their jointly-held lands were divided, and each family given land of its own. The Doukhobors were industrious and hard-working, and would eventually be assimilated into the population. Mr. Putnam recommended in conclusion, development of Kootenay Park as a tourist attraction in the Kootenay area.

THOMAS UPHILL

Thomas Uphill (Labor, Fernie) made his annual sortie on relief matters, urging increase in relief rates in Fernie. He was told that relief paid there was already in excess of that given at other points, with clothing and fuel added. Mr. Uphill defended British Columbia coal on the strength of its heat value, and said that importation of Alberta coal was unjustified, if the people knew the relative values of coal. At Corbin, he stated, coal measures three hundred feet thick were in existence, and would supply a home industry for many years to come.

E. E. WINCH

E. E. Winch (C.C.F., Burnaby) discussed life insurance settlements and pension matters, making a number of recommendations to the Government.

Mrs. G. D. Walsh, Who Died Here, Was Born In Tower of London

There passed away yesterday morning, at the Royal Jubilee Hospital, Mrs. Edith Walsh. Mrs. Walsh was born in the Tower of London, England, and came to this city twenty years ago from Ottawa. With her husband, George D. Walsh, she moved to Vancouver four years ago, and while visiting in this city she passed away.

Besides her husband, she is survived by two sisters, Mrs. S. A. K. White, 688 Transit Road, Oak Bay, and Mrs. W. Wilson, Toronto. The remains are resting at the S. J. Curry & Son, Funeral Home. Announcement of the funeral will be made later.

MUNICIPAL PARLEY TO START FRIDAY

Alderman James Adam will represent the city at a Canadian Federation of Mayors and Municipalities conference to be held at Vancouver on Friday and Saturday. Discussion will be held on a report of George Mooney, who is gathering data for a draft to be placed before the Royal Commission to investigate Federal, Provincial and municipal relationships.

Those attending the conference have been invited to the Greater Vancouver Tourist Association annual banquet at the Hotel Vancouver on Saturday evening. Mayor Joseph Carson, Portland, will be the guest speaker.

Five Provinces Agree to Aid Legislation for National Unemployment Insurance

OTTAWA, Nov. 23 (AP).—Details of the Dominion Government's proposed national unemployment insurance system will not be given until the necessary legislation is brought into the House of Commons, Prime Minister Mackenzie King today advised Premier Aberhart, of Alberta.

Mr. Aberhart sent a telegram to the Prime Minister, stating his Government would favor anything beneficial to workmen, but would require more specific information before agreeing to the plan. Mr. Aberhart also made some suggestions for financing the plan.

FIVE IN AGREEMENT

On November 3, the Prime Minister wrote all Provincial Premiers asking if their Governments would agree to a constitutional amendment that would empower the Dominion to enact and administer a national unemployment scheme. Five provinces already have agreed.

Tonight, Mr. Mackenzie King said he had answered Premier Aberhart that the first essential was to get agreement of the provinces on the constitutional amendment and the principle of the plan. Details of the bill would have to wait its introduction in Parliament.

British Columbia, Saskatchewan, Manitoba, Prince Edward Island and Ontario have announced their agreement, while New Brunswick advised the Prime Minister the question was under consideration. Other provinces are expected to make their decisions known shortly.

States R. B. Bennett Sacrificed Goodwill In Trade Agreements

R. W. Mayhew, at City Meeting, Alleges Disregard
For Lumber Mills of British Columbia—Work
Of Liberal Youth Movement Is Outlined

DECLARING that the people of British Columbia were those who had suffered because of the failure of Rt. Hon. R. B. Bennett to take into account the value of good will in his Ottawa agreements, Robert W. Mayhew, Liberal candidate for the Federal by-election, heartily endorsed the Mackenzie King trade expansion policy in an address to between 600 and 700 persons in the City Temple last night. Speakers in support of his campaign were Alan Chambers, Byron Johnson, and G. G. McGeer, M.P.

Mr. Mayhew stated that for once the people of Victoria seemed to realize that the Liberal Party had a good cause, and he pledged himself to work in their interests with all the intelligence and energy that he possessed, backed up by the experience he had gained in business life.

WORK FOR THE PEOPLE

"Mr. McKelvie has said that I have made no definite statements since I entered this campaign," he continued. "That is true. I have made no promises and I make none tonight, but I have very definite ideas of places where I can be of service to you. I am not going to Ottawa with any expectation of getting anything for myself, but to try to achieve something for the people."

Regarding Professor J. King Gordon's campaign, the candidate said that he believed that he and Professor Gordon were working towards the same end, but they did not call it by the same name. Professor Gordon called it social security.

of the young men's forestry training plan and the opportunity for rehabilitation that it offered. Under the 'Winter programme, he gave details of the classes in automotive engineering, carpentry and building trades for men, and in retail selling and customer service, dressmaking, household training and stenography refresher courses for young women, and told of the permanent employment that this training had led to.

Byron Johnson spoke of Mr. Mayhew's qualifications, and briefly discussed the issues in the present campaign, declaring that Canada was indebted to the present administration not only for finding a market for her goods, but also enabling the people to buy at cheaper prices.

G. G. McGEER, M.P.

Mr. McGeer vigorously attacked the Conservative candidate upon the Alaska highway project, and the present administration upon its trade policy. He emphasized the importance of stimulating international trade, and of fair trading and goodwill, and declared that Mr. Bennett's "Canada First" policy had become a menace to the Empire.

"There is a service to be performed," he concluded, "and a loyal supporter of the Government can do better than one who seeks election by repudiating his own statements of five short years ago."

G. A. A. Heiden, chairman at the meeting, also spoke of the candidate's qualifications for election.

Mr. Mayhew and the three supporting speakers also addressed a meeting held in the Rex Theatre, Esquimalt, their speeches following the lines of those given in the city. At Esquimalt, Mr. Chambers advocated the provision on this Coast of a naval training schooner similar to that provided on the Atlantic coast. J. C. McDowell presided.

URGES STAND AGAINST WAR

Prof. J. King Gordon Would
Ban Metal Shipments to
Japanese Interests

"The Oriental vote is not half so important as our own," declared Prof. J. King Gordon, C.C.F. candidate, in an address before electors at the Margaret Jenkins School last evening.

Professor Gordon, who outlined the tenets of his political faith, drew attention to the fact that Orientals could not enjoy citizenship, and that his party had demanded of the Government that all Oriental immigration be stopped so long as this condition continued.

"But," he declared, "a total of 145 Japanese citizens are allowed to enter this province each year."

"I have a basic faith in democracy. That democracy must be both social and economic. The people of Canada have the right to be free, and to have the social security which makes them free," he maintained.

BELIEF IN PEACE

"I believe in peace, and think of peace in terms of Canada's position in the world today," he continued.

"I think of Canada's relation to Japan, and I admit shame as a Canadian that we are shipping metals abroad to make munitions and gaining thereby a terrific profit." He declared "it burned him up" to know there was a law on the statute book which prohibited such shipments, but which was not invoked.

"The third element of my faith," he said, "is my belief in the people in their power to direct their own destiny. But we are not free so long as we are bound to the dictates of the great powers of finance and of industry."

In conclusion, Professor Gordon insisted that he cared more for "peace than for profit," and asserted that he was "sick of fighting petty political issues while we are at the edge of the abyss."

"Mrs. Paul Smith summed up the situation as it exists in Canada when she declared at a recent Liberal rally that the Dominion needed a balanced budget and social security," asserted Mrs. Grace MacInnis, secretary of the C.C.F. Parliamentary room at Ottawa.

WOULD CHANGE SYSTEM

"But," she continued, "under the present system these things cannot be done."

She maintained that over a period of years the two major parties of Canada had competed to put the largest number of carrots before the greatest number of donkeys.

Mrs. MacInnis pointed out that social security could be provided with a balanced budget. It had been done in New Zealand, she said, through the national ownership of the national bank. Sweden had put the unemployed to work at trade union wages, to build adequate homes, and to keep money circulating. These things, she contended, could also be done in Canada.

M. J. Coldwell, M.P. (Rosetown-Biggar), drew attention to the widespread need for an adequate housing scheme in the Dominion. He declared that in Saskatchewan, 60 per cent of the people lived in four rooms or less. He declared that the election of King Gordon would be a step towards the fulfillment of a programme which would place a comfortable home within the reach of every individual.

He warned again of signs of "a startling business recession," and insisted that only by a change in the very basis of the present system could a way out be found.

He, too, declared it would be wise to follow the example of New Zealand.

J. T. Stott spoke briefly, while Mrs. Claire McAllister occupied the chair. Professor Gordon and Mr. Coldwell also spoke at a meeting at Oaklands School, where Kenneth McAllister was chairman.

DECLARES TRADE OF
PROVINCE MENACED

"Behind the war clouds at Shanghai there is the greatest battle the world has ever seen, between two standards of industrialism, two systems of government, and two standards of wages," said G. M. Murray, M.P.P., addressing a joint luncheon meeting of the retail merchants' association and the Credit Granters' Association in Spencer's dining-room yesterday.

Mr. Murray, who has recently returned from a visit to the Orient, said that in Japan he had found an intensive industrialization in progress, and the Japanese were underselling the other nations in the markets of the world because they were able to brow-beat their own people into working in the factories for slave wages.

FLOOD OF CHEAP GOODS

Japan intended to conquer and control China, and if she did so, the effect would be far-reaching for the people of British Columbia and all the Anglo-Saxon races of the world, Mr. Murray declared. Japan was short of iron and steel and many necessary raw materials possessed by China, and if she gained control of them, Japan could expand her industrial set-up so that no tariffs could ever stop the flood of cheap goods.

"That means something to every group and class in Canada and the United States," Mr. Murray continued. "We have been building up in this country a wage scale and living conditions among the highest in the world, and have established a paradise in British Columbia and Canada. We have people on relief. It is true, but we pay them more on relief than the highest class worker receives on the other side of the Pacific for a sixteen-hour day."

WAGE COMPARISONS

The speaker told of the system in Japan of buying female labor outright for work in the factories at slave wages, and declared that in developing a great industrialism, Japan had failed to take care of the human element, as had been done by Western civilization. Stating that in Japan a laborer received 20 cents for a twelve-hour day, as compared with \$4.50 an eight-hour day in British Columbia, Mr. Murray contrasted the wage scales in the two countries for all classes of work, and stated that in Japan women were employed in the mines just as much as men. Japan had also extended her merchant marine throughout the world on a similarly low wage scale.

CAPTURING INDUSTRY

"It is the intention of Japan to conduct the flour milling of the Orient, bringing grain from Canada and Australia and elsewhere," he predicted. Japan also aimed to capture the lumbering and pulp and paper industries, obtaining raw materials from British Columbia and other parts of the world, and also from China.

"We can visualize just what sort of competition we are about to face in the industrial life of British Columbia in the event of Japan getting control. The British people realize this more keenly than we do, because they are a business people," the speaker said. He displayed a number of samples of Japanese imitations of well-known British goods, selling at less than a third of the price, and explained Japan's methods of conducting her export business.

JAPAN THE AGGRESSOR

Regarding the present conflict in the Orient, Mr. Murray declared that for years Japan had been building up a great naval and military power, and was now using it "in an insulting, arrogant, and aggressive manner that should shock all civilized countries. It is not for me to say who is right or wrong, but there is no doubt that the Japanese were the aggressors," he asserted.

The desirability of British Columbia developing her trade with Singapore was emphasized by the speaker, who stated that at present the province took much tin, rubber and other produce from Singapore, but her export trade to Singapore represented less than one-third of the imports. Singapore was a free port, and was an ideal complementary trading place for British Columbia.

George E. MacDonald presided, and the speaker was thanked by Duncan MacBride.

RETAILERS ASK PRICE CONTROL

**Abolition of Loss-Leaders
and Fair-Value Safeguards
Proposed in Province**

Retail prices should represent true value to all parties, consumers, producers and distributors, and loss-leaders should not be allowed, the Retail Merchants' Association, British Columbia Branch, suggested to the Cabinet, yesterday, in an hour's audience here.

The association presented two bills, asking the Government to take action on these issues at this session. One bill would curb loss-leaders, and the other would set up safeguards with relation to commodity retail sales.

George R. Matthews, secretary of the organization, recalled the fact that the group had twice before made representations to the Province on these issues. He voiced encouragement at the reception of the delegation, and expressed belief that representations would bear fruit.

Also in the delegation were W. S. Charlton, W. C. Mainwaring, Goldwyn Terry, Leslie G. Henderson, A. W. Greenwood, William Allison, F. B. Ward and Alex Patterson, the last two named representing the British Columbia Beef Cattle Breeders' Association.

The suggested loss-leader bill would prohibit the sale of any food product at a price less than 5 per cent above the true invoice cost, with penalties of up to \$500 for infractions.

The commodities retail sales bill would empower provincial wholesalers to set a price for retail sales, would prohibit sale of trade mark of branded commodities at less than set retail prices; prohibit sale of price-maintained articles in combination with others, to procure price cutting; and sets up a penalty clause with fines up to \$500 for infractions.

The delegation endorsed action looking towards grading of beef in British Columbia for retail consumption, this phase of the retail being spoken to by cattle raisers at the meeting. The public, it suggested, should be told the exact grade sold, and could exercise its own judgment then.

Consideration was promised.

Obituary

BAKER—The death occurred after a short illness at Merritt, B.C., of Milton Edward Baker, aged nine years, a native of Victoria. He was the son of Mr. and Mrs. Mary Baker, at the family residence, 165 Sims Avenue, and five brothers, William, Leslie, Frank, Lawrence and Dennis; three sisters, Mrs. Catherine Carroll, Ada and Marjorie, all of Victoria. The remains will be brought to Victoria. Date and hour of funeral will be announced later. Arrangements are in the hands of the Thomson Funeral Home.

STATEMENTS UNDER FIRE

**Bruce McKelvie Refers to
Liberal Advertisement as
"Base Insinuation"**

Bruce A. McKelvie, Conservative candidate in Victoria's by-election, speaking at a meeting in St. James Douglas School last night, characterized a Liberal campaign advertisement as "a vile and base insinuation" that should not be tolerated by the electors of Victoria.

Mr. McKelvie stated he was referring to the advertisement headed "Comfort to the Enemy" which, he said, "was one of the most despicable pieces of campaign literature I have ever seen used in a political campaign. I say shame on the Liberal Party and shame to the man who wrote it, and I am convinced the decent-minded people of this city will resent this attempt to create a prejudice against a man whose loyalty as a citizen of Canada and an Empire statesman is beyond question." Mr. Bennett, whom he said, the advertisement referred to, "needs no one in this country to speak in defence of his character."

EMPIRE PREFERENCES

Mr. McKelvie dealt extensively with the possible effects of any change in the nature of the Empire preferences. British Columbia, he declared, stood to lose more, possibly, than any other province in the Dominion because of the fact that the United Kingdom, since 1932, had opened a market for the basic industries of the province. "British Columbia is on the block in this proposal of the Liberal Prime Minister to revise the Imperial preference for the benefit of the United States," he stated.

The candidate declared the issue of the campaign was definitely trade agreements, and claimed the "eyes of all Canada are on Victoria in this fight, and I believe the Capital City of this Province will give its opinion on November 24 that we, in British Columbia, do not want any tinkering with our pact with the Mother Country."

PRINCES BENNETT

Robert A. Wootton referred to the Canada - United Kingdom trade agreements as "the greatest achievement in the history of Canada." He gave full credit to Rt. Hon. R. B. Bennett for the recovery in industry in British Columbia, particularly on Vancouver Island. The results of the Ottawa conference would be of lasting value to the people of the Dominion if allowed to continue without political interference, he asserted. He asked if the people of Canada were prepared to part with the substance for the shadow, the latter, he said, was the benefit that Canada "might derive from any treaty with the United States."

Mr. Wootton contrasted the policy of the Bennett Government with that of the Liberal Administration, and compared trade balances under the Governments of both parties. He maintained favorable trade balances in the Dominion were created through the Empire treaties and "by no other source." He asked for support of the Conservative Party and one "who is competent to present arguments in defence of the rights of this Province that are now threatened."

TREATIES THREATENED

Hon. George Stirling, M.P. for Yale and Minister of National Defence in the J. T. Bennett Government, stressed the importance of the by-election, not only, he said, because it was to fill a vacancy in the House of Commons caused by the death of Hon. Dr. Toimile, but because the trade treaties with Empire countries were in jeopardy. "If we lose in this by-election," he said, "I do not see how we can avert a major depression in this province. That is why I say that this is not an ordinary election. We must not, at any cost, sacrifice any one of those preferences which Mr. Bennett fought so hard and so consistently to secure for this country," he asserted.

Mr. Stirling declared that Canada knew very little of the proposed trade agreement with the United States. "It would be quite easy," he suggested, "for anyone to make an agreement if prepared to pay the price, and I think the present Prime Minister is going to pay the price asked by the United States," he said.

NO NEW POLICIES

The former minister touched on other matters, and charged the present Administration at Ottawa had not put into effect any new policies for the benefit of the people of Canada. "The Government is simply carrying on those policies the Bennett Government had started. The Administration has done nothing new in its two years in office. It was going to do something to solve the relief problem and what has been accomplished? Those horrible relief camps I thought had gone forever are being re-opened right in this province for transient relief men," Mr. Stirling said.

In conclusion, he asserted the Liberal Government of the present had no aim "to representing the majority of the people of Canada. Of the total members in the House of Commons, he said, 171 were elected on a minority vote. "They were elected by two and a quarter million voters and two and three-quarter millions voted against them in the last federal election."

The chairman was Senator G. H. Barnard.

Boy Bitten—Mrs. W. A. Rhodes, 550 Harbinger Avenue, informed police that her son was bitten on the elbow by a dog while cycling along Linden Avenue at noon yesterday.

Gale Stolen—Mrs. I. E. Mayhew, 1539 Belcher Avenue, reported to police yesterday that a black painted iron gate had been stolen from her residence.

Seek Information—A letter from the Corporation of Penticton, seeking information in respect to the retailing of fresh meat, was received at the City Hall yesterday.

Housing Scheme—Information on housing schemes was sought in a letter received at the City Hall yesterday from the building and plumbing department of the city of Vancouver.

Want Light—A petition from twenty-two residents of Trent Street, seeking installation of a street light, has been referred to the City Council street lighting committee.

Dedication Ceremony—Dedication arrangements for the new crematorium at Royal Oak Burial Park will be made by the board of trustees in the City Hall committee room at 8 o'clock this evening.

Garage on Fire—Responding to a call from 1836 Davis Street at 7:58 o'clock last evening, firemen found a garage on fire. They extinguished flames before the structure was demolished. The owner of the garage was not at home during the fire.

Fire Calls—A false alarm from the corner of Rockland Avenue and St. Charles Street was responded to by the fire department at 12:12 o'clock yesterday morning. A chimney fire at 2219 Blanshard Street was attended at 1:38 o'clock in the afternoon.

Inquiry Held—An inquiry into two fires in the same house on consecutive days in the municipality of Esquimalt, last September, was opened yesterday morning by W. A. Walker, deputy provincial fire marshal. Reeve Alexander Lockie acted as commissioner. The inquiry will be continued this morning at 10:30 o'clock in the Municipal Hall.

Harbor Float—A letter received by the city yesterday from Hon. P. J. A. Cardin, Minister of Public Works, Ottawa, stated that Alderman W. T. Straith, M.P.P., chairman of the harbor committee, would be advised by the acting district engineer at New Westminster, when a conference could be held over the proposed fishermen's float in the Inner Harbor.

To Give Address—"Vancouver Island, Today and Tomorrow" will be the subject of an address to be given this evening at 8 o'clock at the monthly meeting of Ward Five Conservative Association in the Conservative room, Campbell Building. B. A. McKelvie, Conservative candidate in the Victoria by-election will be present, and an interim report on Junior Conservatives will be received.

Old Buildings—A suggestion urging removal of old and unsightly buildings on Government Street, between Belleville and Elliott Streets, was discussed yesterday afternoon by Mayor Andrew McGavin and Alderman John A. Worthington with Norman Fraser, Island agent for the Canadian National Railway. No decision was reached. Alderman Worthington announced his intention of presenting the matter with railway officials.

Entertaining Programme—Ralph Matthews conducted a "current events" feature at the weekly Kiwanis luncheon meeting programme in the Empress Hotel yesterday. Members were interrogated on newspaper headlines appearing during the past week.

ing the past week W. L. Davis, of the Columbia Broadcasting Company, was introduced by President Walter M. Walker, and explained the function and purpose of the community cohorts plan which is being instituted in Victoria.

Suggest Tax Changes—The British Columbia legislative committee on agriculture raised a new point yesterday, when it passed a resolution suggesting school taxes in unorganized areas be levied upon gross incomes instead of on real property. Educational campaigns against playing with dynamite caps were suggested for the schools, and increased summer bounties on wolves and coyotes, the latter point to be taken up with the Attorney-General's Department. The private bills committee considered the Lumbermen's Fidelity Assurance measure, hearing argument as to capitalization and on other points.

Give Judgment—The dispute over the character of the \$300 given by the plaintiff, H. T. Hodgson, to James Kirk, the defendant, in an action tried before Judge H. H. Shandley, was decided by His Honor yesterday in favor of the plaintiff, and the defendant is, therefore, held liable for the amount involved. The plaintiff held that the \$300 given to the defendant some years ago was to be regarded as a loan. The burden, the judge said, was therefore cast upon the defendant to prove otherwise, and he felt that this had not been done, and the plaintiff was entitled to judgment for the amount. The plaintiff was represented by F. L. Shaw, while F. O. Elliott appeared for the defendant at the trial.

Women of Province Discuss Matters to Present to Cabinet

Provincial Council in Session in Victoria Frames Resolutions on Numerous Questions—Reforms Along Many Lines Are Sought

PREPARATORY to their annual call on the Cabinet during the session of the Provincial Legislature, the Provincial Council of Women met here yesterday and framed resolutions covering a number of subjects. These have to do with traffic control, forestry conservation, unemployment, the establishment of education classes for subnormals and special institutional care for the feeble-minded, mothers' pensions extension, the preservation of the cascara tree, and various other matters.

The sessions took place morning and afternoon in the Y.W.C.A. Mrs. F. J. Rolston, provincial vice-president, presiding in the unavoidable absence of the president, Mrs. C. O. Spofford. Vancouver, New Westminster, North Vancouver, Chilliwack, Nanaimo and Victoria Local Councils were all represented by their official delegates, and a wide range of subjects was embraced in the resolutions, local council reports, correspondence and new business.

UNEMPLOYMENT

The report of the unemployment commission, given by Mrs. Rex Eaton, Vancouver, was brought in early in the afternoon. When the commission was appointed the low depression period had already passed and the stage was set for recovery. While the figures showed a reduction from 260,000 to 200,000 in the number of employable people in the Dominion, provisions aid in the period between March and June this year, it was contended that it was highly important to know such facts in good times as well as in depression times.

The commission had been instructed to approach the problem of unemployment receiving Government aid from the two aspects of emergency alleviation measures and for long-range conditions. The place of construction and forestry and placer-mining courses in relieving unemployment was reviewed briefly. It had been decided that there should be no expansion in the public works programme except on the basis of absorbing unemployed labor

Women of Victoria!

The Women's Conservative Association

Announces a Public Meeting This Afternoon in the Interests of
BRUCE A. McKELVIE, the Conservative Candidate

The Speaker Will Be

Mrs. George Black, M.P. The Yukon

In the CAMPBELL BUILDING,
Seventh Floor, at Three o'clock

This advertisement is issued by Robert D. Harvey, official agent for B. A. McKelvie

Will Preside at Reception

MRS. S. R. BOWDEN

President of the Victoria Women's Conservative Association, will preside at the meeting to be held this afternoon at 3 o'clock, in the Conservative Rooms, Campbell Building, at which Mrs. George Black, M.P. for the Yukon in the Federal House, will be the guest speaker. Mrs. Black is the only woman Conservative Member of Parliament in the Dominion, and is an accomplished speaker. Old-time residents of the Yukon and all men and women interested in hearing her, are cordially invited to attend the meeting. Miss Vivien Combe and Miss Margery Benson have arranged the musical programme.

Under the eleven headings of eradication of venereal disease, international peace, public health, all aspects of the liquor question, housing and slum clearance, nutrition, migration as it affected one's own province, women in industry and professions, cultural side of Canadian life, and adult education and leisure time.

Attention was called to a film obtainable from Mrs. Weldon, of the Vancouver District W.C.T.U., who would lend it on request. The Provincial Health Department had a film on social disease, available on request. In connection with another detail of the study programme, Mrs. Bagley called attention to the need for footpaths along many of the suburban roads. In connection with migration, members were advised to read General Hornby's report. Immigration to Canada was now at its lowest level.

Discussion of Provincial Council aid resulted in a resolution that for the current year the present scale be retained of \$5 fee per council with an additional 25 cents for affiliations of ten and over.

Weddings

WATSON-CHAPMAN

Rev. A. E. Whitehouse officiated at the marriage on Saturday, November 20, of Marjorie Estelle Chapman, daughter of Mr. R. William Chapman, 68 Regina Street, and the late Mrs. Chapman, and Mr. Reginald Russell Watson, youngest son of the late Mr. William Watson, Roblin, Manitoba, and Mrs. William Chapman, Regina Street.

The bride was given in marriage by her father, and wore a gown of pink satin made with a jacket and a black hat with little veil. Her bouquet was of pink chrysanthemums. Mrs. Beale, a sister of the groom, was matron of honor, and wore a brown crepe gown, with short lace sleeves and a brown hat.

OTTAWA, Nov. 23 (P.).—Lady Schreiber, widow of Sir Collingwood Schreiber, chief engineer on construction of the Canadian Pacific Railway, and chief engineer of the Federal Department of Railways and Canals, died at her home here today.

Lady Schreiber, daughter of the late Mr. Justice Gwynne, of the Supreme Court of Canada, was prominent in the capital's social life. Lady (Richard) Lake, Victoria, and Mrs. Sydney A. Kelly, South Pender Island, are granddaughters of the late Sir Collingwood Schreiber.

Clubs-Societies

Salt Spring W.A.

Under the auspices of the Women's Auxiliary to the Anglican Church, an enjoyable social and musical evening was held recently at Harbor House, Ganges. The programme was arranged by Mrs. G. B. Young and Mrs. W. M. Palmer, and many Salt Spring residents were present. The Choral Society gave several contributions, including "Who is Sylvia," "Brightly Dawns Our Wedding Day," "When Alan Dale" and "Brahma." Other items on the programme were violin solos, "Romance in F" (Vieux tempo) and allegro from the last movement from Handel's "Sonata in D." Miss Sheila Halley, vocal solos, "Good Morning, Brother Sunshine," "Dawn" and "Sleep, Darling, Sleep." Mrs. N. Howland. Two newcomers to local audiences, Mr. J. McLaughlin and Mrs. Pednault, helped towards the success of the entertainment, the former playing pianoforte selections from "Carmen" and the intermezzo from "Cavalleria Rusticana," and the latter singing "Garden of My Heart," "Lilac Tree" and an encore, "Trees." Refreshments were served by Mrs. W. Norton, assisted by Mrs. Byron and Miss Beddis. The community chest was presented to the winner, Mr. Alec Hague, and the second prize, a bedspread, to Mrs. P. Horel. The embroidered tablecloth, made by Mrs. V. Case McGee, was won by Mrs. Steen, Halley, and the cushion made by Mrs. Byron, went to Mrs. W. M. Palmer. A substantial sum was made by the entertainment, community chest and other articles.

Cowichan W.A.

The W.A. to the Cowichan Hospital Association met on Monday afternoon at the Nurses' Home, Duncan, Mrs. Neil McIver presiding. Plans were completed for decorating the hall for the annual Christmas bazaar, to be held on December 11. Many women's organizations in the district will have stalls and are co-operating to make the affair a success. Mrs. J. E. Saunders, convener of hospital sewing, reported that 151 new articles had been made during November. Miss Wynne reported that the Junior King's Daughters and the Dogwoods Chapter, I.O.D.E., had taken care of the hospital mending during the past month in a highly satisfactory manner. It was decided to postpone the December meeting until early in January, when nominations for office will be in order, the annual meeting is to be held on the fourth Monday in January. Tea was served after the meeting by Mrs. John Fox and Mrs. E. W. Bazett.

Guild of Sunshine

A small sale of work, organized annually by the Sellspring Guild of Sunshine, took place recently at Ganges House, Salt Spring Island. The stall holders were as follows:

DANCE DATE CHANGED

The benefit old-time dance, which was to have taken place on Friday, has been postponed to December 3. It will be held in the new Sooke Community Hall.

Church of Our Lord I.A.

The Ladies' Aid of the Church of Our Lord, Free Church of England, met in the Bishop Criddle Memorial Hall recently, when final arrangements were completed for the bazaar to be held in the hall on December 1, commencing at 3 p.m. Miss H. Newberry, president, conducted the business meeting. The bazaar will feature attractive stalls of home cooking, fancy work, aprons and novelties, and the Misses A. and K. Murray will be in charge of the candy, which they make and donate each year to the bazaar.

SL Saviour's Girls

The teen-age girls' branch of St. Saviour's W.A. will hold a social evening tomorrow at 7:30 o'clock in the Parish Hall. Mrs. D. M. Duncan will give an address. Senior members and evening branch members are invited.

Graduate Nurses

The private duty section of the Victoria Graduate Nurses' Association will hold its monthly meeting on Friday at 3 p.m. in the lecture room of St. Andrew's Church.

Navy League W.A.

The Women's Auxiliary to the Navy League will hold its regular meeting on Friday at 3 p.m. in the Naval Veterans' rooms, Broad Street.

Utterly Wearable Shirt Type Dress
With "Tip or Down" Collar

SO utterly wearable, and as simple as a shirtwaist dress in this simple rayon and wool model. It's the sort of dress discriminating women fairly live in for town chick or for business. The collar may be worn up or down. Note the interesting pocket detail and slim gored skirt with slight flair for easy walking. High-colored wool as red, clay, gold green, wine; also black is exceedingly smart. Quickly made. Sleeves cut in one with the shoulders. A step-by-step sewing instruction chart included in this easy-to-follow pattern.

Style No. 3130 is designed for sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32 inches bust. Size 16 requires 3½ yards of 30-inch material.

The Fall and Winter Fashion Book is filled with lovely designs for everyday wear, which are easy and inexpensive to make.

Women Take Part in Promotion of Peace

Miss Mary L. Bollert, of University of British Columbia, Addresses Women's Canadian Club—Pays Tribute to League of Nations

"If we are to have peace, the world must be actuated by the spirit of the Man whose birthday we celebrate next month—the Prince of Peace," declared Miss Mary L. Bollert, Dean of Women at the University of British Columbia, during her address, "Women and World Peace," given yesterday afternoon before a large gathering of members of the Women's Canadian Club at the Empress Hotel.

Various methods for preserving peace were outlined by the speaker, all of which were deserving of consideration, and all of which had some value, she said. The defeat lay in the spirit. Plans for preserving international peace—had been made in a spirit of hate, of pride and of fear. The world today was in a precarious situation, due to the collapse of religious faith, was the opinion of the speaker, who pointed out the value of working towards peace by means of organizations, small groups linked together by a common interest.

WONDERFUL EXPERIMENT
Dean Bollert referred to the League of Nations as "the most wonderful experiment yet made in the cause of peace." She recalled the part played by women in the preparation of the presentation of thousands of signatures of those who allied themselves in the cause of peace.

"Many people think that war is a biological and sociological necessity," declared Dean Bollert, but in spite of the feverish race in armament manufacture, there had never before been so many men and women working for any one cause than at the present time, and no other cause had brought women so closely together. "It would be quite impossible to estimate the volume of work done by women in the cause of peace," she said at one point, continuing with a few brief remarks upon the value of such conferences as that held by the Pan-Pacific Women's Association in Vancouver during the summer. She thanked the club members for their financial and moral support in the interest of the conference.

MANY SCHEMES
Many ideas had been brought forward by men and women the world over to bring about world peace, among them being the boycott plan, women taking part in the "Women's International Boycott" scheme, the plan of embargo and superior armament, with regard to England's armament scheme, the speaker said, "I think that as Canadian people we have never been more thrilled than in England's effort for world peace, and the great credit is due to her for taking the lead so ably. She had been criticized, called a coward and is even willing to be called a fool."

SHOWS PICTURES OF THETIS LAKE

Claude L. Harrison Stresses Importance of Timber Preservation On Vancouver Island

Colored Summer scenes of Thetis Lake, a motion picture of whisky jacks being fed by campers, decima-

tion of island timber and destruction of beauty spots, and lofty California redwood groves were shown to the City Council Monday evening by Claude L. Harrison, city prosecutor. Mr. Harrison drew attention to Thetis Lake as the finest small body of water on Vancouver Island. He hoped the council would preserve it intact in perpetuity, not forgetting facilities for the thousands of picnickers and swimmers who visited the beauty spot last Summer. In showing views of beauty spots

ruined by destructive logging, Mr. Harrison made a strong plea for the preservation of groves of timber and trees along island highways. He was thanked by Mayor Andrew McGavin on behalf of the council.

GIVES ACCUSED TERMS IN JAIL

Surrey Held to Be Leader in
Crimes, but Keifer Is
Also Guilty

James Surrey was sentenced to a year with hard labor on each of two counts in the city police court yesterday by Magistrate H. C. Hall, with the terms running concurrently. His companion, Kileve Keifer, was sentenced to six months with hard labor, having been charged on only the one count, that of assault upon Philip Burnett, with intent to rob him. The second offence against Surrey was that of breaking and entering by night the home of Albert Barnwell.

In the latter count, the accused had not the assistance of counsel. Carey Martin, who had been retained in the first charge for the young men, announced that he was not retained for the second hearing.

BURST INTO HOUSE
The evidence in the latter case showed that while Mr. Barnwell was sitting reading in the kitchen of his home, the accused, Surrey, burst in through the door which was not locked. He appropriated a bottle of beer that was there and also took a jacket belonging to the owner of the house. This was put on and the zipper closed to the neck.

On the original charge in which both accused were charged, Mr. Martin contended that there was nothing to show that Keifer was aiding and abetting Surrey in any robbery that might be held to have been in view.

The magistrate said that he did not believe the accused. They were doubtless intoxicated, but not to the extent that they tried to convey to the court. The accused Keifer was able to interpret a sign given by his companion and hit Burnett over the back of the head with a beer bottle. There was strong evidence of concerted action on the part of the two.

The magistrate declared that the

Proud Motor Array of Two Decades Ago

Do you remember the automobiles of 1914? Here are shown a group posed in front of the Courtenay Hotel, at Courtenay, twenty-three years ago. A motor trip from Victoria to Courtenay, in those days, was an adventure that few would attempt nowadays. The hotel was a welcome sight to driver and passenger alike.

chief offender was Surrey and that he had got his companion into trouble, therefore, reduced the sentence of Keifer to six months in imposing one year on the other.

On the breaking and entering charge, the court felt that the accused Surrey had falsified the situation and knew considerably better what he was doing than he had admitted. He sentenced him to one year, the term to run concurrently with the other sentence.

Unofficial Wife
BY RUBY AYRES

CHAPTER XXXIV

Syrie nodded. "A week ago. They tried to find me, but you see I hadn't written for so long—I didn't like to, because I was so hard up."

Robert took a step towards her. "I'm dreadfully sorry, Syrie."

"Thank you." She bit her lip to hide its trembling. "So you see, I'm really an orphan of the storm, now," she said with forced lightness.

"Your stepmother?" he said hesitatingly.

"I saw her—and she said she hoped we should not meet again. Not that I mind."

There was an awkward silence, and suddenly Syrie thought, "Perhaps he thinks I'm trying to work on his sympathy; to—to make him ask me to marry him again." She raised her eyes to his face. "It's quite true," she said. "It's not a lie—this time."

Robert frowned and there was an uncomfortable silence before Syrie said, "I wanted to ask if you will be in dinner tonight, or if you are going out."

"Betsy has asked us to go round there this evening; she's better—she has been sitting up today, so I thought, if we dined there first, or out somewhere, if you prefer it—but of course you won't care to go now."

"Why?"

"I only meant—after what has happened," he said awkwardly.

"I will go if you wish me to," Syrie said.

He threw her a quick glance. "I'll ring the old lady up and explain; we can go another night."

"I am glad she is better," he said, and went out to the telephone.

Syrie was listening, conscious of a little nerve in her temple that was jumping and throbbing as if determined to draw attention to itself; conscious also of the heavy, hopeless feeling in her heart—a feeling of defeat and bitterness.

Perhaps this was life's way of punishing her for entering into the deception—a hard punishment—the worst of all. To be forced to go on, day after day, living with this man whom she loved, and to whom she was less than nothing, pretending in the end to be something about something which could not be laughed at, or made the best of; acting—acting—all the time.

"I can't do it," she thought, and did not know that she had spoken the words aloud.

Robert came into the room. "What did you say?"

"I didn't say anything. At least—there is something I want to say to you—please."

"What is it?"

Syrie picked up a newspaper which was lying on the table, looked at it and put it down again. "Only that if you—if this arrangement between us could—can be ended... I shall be—very glad," she said faintly, and then as the seconds ticked away in silence, she went on, "You see—I think I—rather—hate it—after all."

He took a quick step towards her. "You hate it—why?"

"There are so many reasons. It's not that I'm strait-laced, but you know that, and I can't tell you any other plans or—anything like that, but—if it can be ended..."

And suddenly she was telling herself desperately that it must be ended, that he must find a way to end it—that it was more than she could bear to go on with the pretence now she knew how much it meant to her.

It was Robert who at last broke the silence. "If it's because of what happened last night—because of anything I said—"

"It isn't—"

"If I've done anything to offend you—"

Syrie shook her head. "It's nothing to do with you; it's just—it's just that I want to go."

She knew he was looking at her, but she dared not raise her eyes for fear of their betrayal, and presently he said, so roughly that the words sounded almost brutal:

"Then I suppose Leder has offered you a better job—is that it?"

The words had hardly passed Robert's lips before he repented

"Back in Circulation," Stars Pat O'Brien and Joan Blondell in Thrilling Drama

Two women, facing each other in an underlying play of life and death, is one of the dramatic highlights in Warner Bros. newspaper-murder-mystery drama, "Back in Circulation," opening today at the Atlas, and starring Pat O'Brien and Joan Blondell.

In her role of a reporter, Miss Blondell has been instrumental in the conviction of Margaret Lindsay on a charge of murder. Convinced that the condemned woman is innocent, she contrives to break down the silence Miss Lindsay has maintained throughout the trial.

The climactic scene between the two actresses is replete with emotional intensity and one that will be long remembered.

**PLAZA WILL FEATURE
FIRST RUN PICTURES**

Assuring Victoria theatre-goers of many of the biggest and most popular motion pictures of the current year, Ralph Calladine, operator of the Plaza Theatre, returned yesterday from Vancouver, where he signed contracts for United Artists Pictures for the 1937-38 season, which will bring to Victoria several films of road show calibre.

Motion pictures produced by Samuel Goldwyn, Walter Wanger, Alexander Korda and David Selznick, during the coming season, will be shown first run at the Plaza. While many of these pictures will be shown elsewhere as road shows, they will be brought to Victoria at popular prices, Mr. Calladine declared.

Among the motion pictures scheduled to come to the Plaza in the near future are "52nd Street," "The Hurricane," "Stella Dallas," "Marco Polo," "Nothing Sacred,"

AMUSEMENTS

On the Screen
Atlas—"Back in Circulation," starring Joan Blondell.

Capitol—William Powell in "Double Wedding."

Columbia—"Under Two Flags," starring Ronald Colman.

Dominion—Marlene Dietrich in "Angel."

Oak Bay—"Wee Willie Winkie," starring Shirley Temple.

Plaza—Victor McLaglen in "Nancy Steele Is Missing."

"Standin'," "The Goldwyn Follies" and "The Cowboy and the Lady."

"Dead End," the first of the United Artists group of productions, comes to the Plaza next Monday.

PLAZA—Victor McLaglen, Peter Lorre and Walter Connolly are starred in the Twentieth Century-Fox dramatic sensation, "Nancy Steele Is Missing," showing for the last times today at the Plaza Theatre.

COLUMBIA The 1935 Academy Award winner, Victor McLaglen, again plays a magnificent warrior in "Under Two Flags," a picture of flaming conflict and tumultuous love under Sahara stars, which closes today at the Columbia Theatre.

DOMINION Marlene Dietrich has never been lovelier than she is in "Angel," showing currently at the Dominion Theatre, and the touch of Ernst Lubitsch is an influence that makes the whole picture with a unique subtlety and charm.

CAPITOL "Double Wedding," which shows for the last times today at the Capitol Theatre, will double up every member of the family with laughter. It is one of the best of the many excellent pictures in which the popular Powell-Loy team has been co-starred.

OAK BAY The idol of a thousand burly Highlanders, Shirley Temple is the star with Victor McLaglen in Rudyard Kipling's thrill-packed adventure of India, "Wee Willie Winkie," which shows for the last times today at the Oak Bay Theatre.

MINISTERS WILL ADDRESS RALLY

Hon. J. G. Gardiner and Hon. Ian Mackenzie Are to Assist in Liberal Campaign

Hon. J. G. Gardiner, Minister of Agriculture in the Federal Cabinet, who is on his way from Ottawa, will arrive in Victoria in time to speak at the Liberal rally in the Royal Victoria Theatre on Friday night in connection with R. W. Mayhew's campaign for the Federal by-election.

Hon. Ian Mackenzie, Minister of National Defence, is expected to return to the city from Vancouver today, and will address Friday night's rally.

Mr. Mayhew will address two campaign meetings tonight, both of which will commence at 8 o'clock.

One will be at George Jay School, where speakers in support of the Liberal candidate will be C. J. McDowell and R. W. Fairclough. Alex. McCloy will be in the chair. The other meeting will be in St. Alban's Church Hall, near Oaklands School, where supporting speakers will be Alderman W. T. Straith, M.P.P., and A. H. Corby. J. Wallace will be chairman.

MONTREAL, Nov. 23 (P.)—D. R. MacLaren, official of Trans-Canada Airlines, will leave tonight on an inspection tour of preparations for the projected air service from Winnipeg to Vancouver. It was announced today.

Splendid Cough Remedy Easily Mixed at Home

It's So Easy! Makes a Big Saving. No Cooking.

To get quick relief from a distressing cough, mix your own remedy at home. Once tried, you'll say it's your favorite cough medicine, and it's so simple and easy.

First, make a syrup by stirring 2 cups granulated sugar and one cup of water a few moments, until dissolved. A child could do it. No cooking needed. Then get 2 1/2 ounces of Pinex from any drugist. This is a compound containing Norway Pine in concentrated

form, well known for its prompt action on throat membranes. Put the Pinex into a 16 ounce bottle, and add your syrup. Thus you make 16 ounces of very efficient remedy, and you get four times as much cough medicine for your money. It tastes fine and better than any.

And for quick, blessed relief, it is splendid. You can feel it penetrating the air passages in a way that means business. It loosens the phlegm, soothes the irritated membranes, and eases the soreness. Thus it makes breathing easy, and lets you get restful sleep.

Just try it, and if not pleased, your money will be refunded.

Hoop Squads Will Play Tonight at High School Gym

SIX city league quintettes will be seen in action this evening at the Victoria High School gymnasium when the Victoria and District Basketball League presents another three-game programme. Cardinals and Adverts, women's squads, will take the maple court in the curtain raiser at 7:15 o'clock, and will be followed by Klingham-Gillespie and Wimpy's Crescents, intermediate "A" boys' teams, in the second spot on the card. The final attraction brings together the Liberty Cafe and the Navy Cafemen, deadlocked in first place with the Hoyle-Brown fagers, have an opportunity of gaining sole occupation of the coveted premier slot. Sailors, at the tail end of the standings, will be striving for their initial win of the season.

FIFTH ANNUAL GRID SQUAD IS ANNOUNCED

Canadian Press Announces Selection of Inter-Collegiate All-Stars

TORONTO, Nov. 23 (U.P.).—Four Western Mustangs and assorted other gridiron kickers from Queen's, Toronto and McGill make up the fifth annual intercollegiate union all-star football team, announced today by the Canadian Press. Coaches and sports writers selected the team.

In a division where the punt and the place-kick are popular scoring weapons, perhaps it is natural that ranking shooters take precedence over running backs, passing backs, defensive backs and just backs. Anyway, three kickers were selected for the backfield and a place-kick expert was tossed in at outside wing for emergency purposes.

Following is the all-star line-up: Flying wing—Jack Kennedy, Western.

Half—Cam O'Grady, Toronto; Half—John Munro, Queen's.

Half (secondary defence)—Don Mumford, Toronto.

Quarter—Ronnie Perowne, McGill; Snap—George Willis, Western.

Inside—George Hornik, McGill; Inside—Bill Ewener, Western.

Middle—Andy Anton, McGill; Middle—Charlie Peck, Queen's.

Outside—Bernie Thornton, Queen's.

Outside—Charlie Box, Western.

Seven Golfing Brothers Challenge World

The seven Wooler brothers, of Eastbourne, England, have issued a golfing challenge to the world. Their ages range from twenty-six to thirty-nine, and their handicaps from plus two to four, with an average of two. Six of the Wooler brothers are amateurs. Frank, aged twenty-nine, is the professional at the Eastbourne Downs Golf Club. The Wooler golfing brothers are shown at the Eastbourne Golf Club, left to right: Albert, Ernest, Henry, Edward, Richard, William and Frank.

hind the long-range punting of Kennedy, Queen's drive depended on Munro's punting and Thornton's place-kicking. Toronto had the brilliant Cam Gray, one of the country's best placement artists and a steady all-around kicker.

Largely because they were out-distanced in the aerial exchanges, McGill finished in the rear. Western was eliminated Saturday by Toronto's Blues, who concocted for the play-off occasion a dazzling running and passing attack. But the Blues were kicked into the playoffs by Gray.

It will be Toronto against Queen's—and Gray against Munro—in Saturday's final here. Right to the finish the kickers will have the spotlight.

WINNING STREAK OF BOSTON CLUB ENDS; LEAFS, WINGS LOSE

Flying Frenchmen First Team in Hockey League To Hold Powerful Bruins in Check—Mondou Goes to Hospital After Collision With Shore—Maroons and Americans Win

BOSTON, Nov. 23 (U.P.).—Montreal Canadiens stopped Boston Bruins' winning streak tonight by holding them to a 1-1 overtime tie for Bruins' first winless game of the National Hockey League season. With 15,000 fans looking on, the teams fought through a scoreless third period and overtime session after Canadiens had scored in the opening period and Boston tied up in the second.

Northcott got the first score three-quarters of the way through the first chapter, on Ward's rebound, as Broda lay on the ice after stopping the first shot.

The other counters came while each side was short a man through penalties in the middle frame. Northcott sent a rink-wide pass toward Ward, and the little right wing tore in before letting the puck go at the corner of the net. Leafs came right back and from a scramble before the net, Thoms banged in Broda's rebound.

Line-Ups
Toronto—Broda; Davidson, Hamilton; Chamberlain; Metz, Kelly. Subs: Horner, Power, Thoms, Boil, Apps, Jackson, Drifflin, Parsons and Corrigan.

Maroons—Beveridge; Wentworth, Evans, Gracie, Cain, Marker. Subs: Shields, Ward, Northcott, Shannon, Smith, Runge, Blinco, Trotter and Robinson.

Officials: Mickey Ion and Johnny Mitchell.
First Period—1, Maroons, Northcott (Ward), 14:35. Penalties: Hamilton, Ward.

Second Period—2, Maroons, Ward (Northcott), 13:31, 3, Toronto, Thoms (Boil), 14:10. Penalties: Runge, Trotter, Marker, Chamberlain.

Third Period—No score. Penalties: Gracie, Horner (2), Cain, Chamberlain, Shields.

AMERICANS TRIM WINGS
NEW YORK, Nov. 23 (U.P.).—The surprising New York Americans, riding home on two first-period goals, just about completed the early-season rout of the Detroit Red Wings by giving the National Hockey League champions a 3-1 lacing tonight. The win drew the Americans up to within three points of the Canadian Division leadership.

Eleven thousand fans saw the first appearance of the veteran defenseman, Ching Johnson, in the uniform of the Americans, who secured him recently after he had been released by New York Rangers. Johnson received a rousing welcome from the fans and played fine hockey.

Goals by Nels Stewart and Sweeney Schirmer, of the Americans, and Marty Barry, of the Wings, left the New Yorkers with a 2-1 lead at the end of the first opening period.

Stewart's tally came while Red Doran, of Detroit, was serving a tripping penalty. But Schirmer scored while his team was short-handed by breaking away from a Detroit power-play. Barry rang his marker while the Americans were short-handed.

Lorne Carr notched the final counter of the game half way through the second frame, following a sparkling bit of team play with Schirmer.

Line-Ups
Americans—Robertson; Murray, Jersa, Chapman; Schirmer, Carr, Bays, Day, Stewart, Anderson, Wiseman, Lamb, Shill, Emmis, H. Smith and Johnson.

Detroit—N. Smith; McDonald, Young, Pettenger; Howe, H. Kilrea, Subs: Lewis, Aubrey, Barry, Kelly, Brunseau, Bowman, Liscombe, Drouillard and Dorr.

Officials: Ag Smith and Bert McCaffrey.
Summary
First Period—1, Americans, Stewart (Wiseman, Chapman), 7:21; 2, Americans, Schirmer, 18:09; 3, Detroit, Barry, 19:16. Penalties: Doran, Day, Murray.

Second Period—4, Americans, Carr (Schirmer), 12:10.

LIONS SET BACK SPOKANE SQUAD
VANCOUVER, Nov. 23 (U.P.).—A lone goal in the first period gave the Vancouver Lions a 1-0 victory over the Spokane Clippers and sent the British Columbians into the lead in the standings of the Pacific Coast Hockey League.

Bill Hutton rammed home the lone goal at the ten-minute mark in the opening session on a passout from Lude Palm. For the other two periods the Lions held the Clippers off.

Goalie Percy Jackson, in the Vancouver net, staved off a determined last-minute offensive as the Clippers sent every man up in the final period. He turned aside more than a dozen quick shots from close-in to allow Lions the win that sent them to the top of the league with seven points, one ahead of the Portland Buckaroos.

MISS MOLLY WHITE
ONE of the members of the Vancouver Island Swimming Association, who will take part in the big water gala at the Crystal Garden Saturday afternoon. This big event will take place after the presentation by Mayor McGavin of the diplomas earned by the 600 children entered in The Colonial "Learn to Swim" campaign. The Crystal Garden will be open to spectators from 2 to 4 p.m. on that day.

MOTORCYCLISTS CLOSE SEASON WITH BANQUET
More than seventy members of the Victoria Motorcycle Club and their friends concluded a most successful season of activities with an annual banquet and dance at the Palais de Danse Saturday night. C. F. Prampton, president, was in the chair.

During the evening L. G. Scott, who was a member of the club before the war and who still rides, presented the hill-climb trophies while A. M. Kirk made the T-T trial awards, and President Prampton presented the silver-plated trench helmet he wore overseas to the winner of the all-night endurance run to Nanaimo and back.

The following guests were welcomed by the chairman, Inspector G. A. Hood, representing the Provincial Police, Sgt. S. Wilkinson, representing the city police, and Sgt. K. Cummings, representing the Saanich police.

Pedens Will Compete in Race Sunday

NEW YORK, Nov. 23 (U.P.).—Fifteen teams, that include outstanding riders from Canada, the United States, Europe and South America, will compete in the six-day bicycle race starting Sunday night in Madison Square Garden.

LIBERTY CAFE TAKES HONORS

Captures First-Half Championship of Victoria Table Tennis League

Liberty Cafe table tennis squad wound up their first-half campaign, yesterday evening, with a 7-3 triumph over the Wildcats. The outcome gave the cafe men the initial half championship of the "A" Division of the Victoria Table Tennis League.

Mount Douglas, second berth occupants, trounced the Meteors, 9-1, while the Pioneer Fruit four handed the Vancouver Island Coach Lines a similar setback. Louis Nelson's Garage, back to their old form, defeated the Royal Arcanum, 7-3, and the Meteors and the Musketeers battled to a five-all draw.

Secretary Lawrence Greenwood announced last night that play in the second half would get under way next week with the possibility of twenty-six teams, an increase of six over the present membership seeking the titles. Teams wishing to play in the league are asked to communicate with Greenwood at E3949.

Teams and individual scores in last night's "A" division matches follow:

DUNLOP HEADS VICTORIA CLUB

Named President of Veteran Local Cricket Organization for Fourth Term

J. L. Dunlop, well-known cricketer, who has successfully guided the destinies of the Victoria Cricket Club for the past three seasons, was returned for another year at the annual meeting and banquet held Monday evening in Spencer's private dining room. The event marked another milestone in the history of the club, the oldest on the Pacific Coast, and attracted a large number of members.

Alderman James Adam, chairman of the city parks committee, attended the function and extended the best wishes of Mayor McGavin and city aldermen to the Victoria Cricket Club, and stated that his committee was always ready to assist local cricketers at all times. He also spoke of the visit here last Summer of the touring M.C.C. side from the Old Country.

The complete list of new officers follows: Honorary president, C. F. Tait; president, J. L. Dunlop; vice-president, Judge P. S. Lampan; captain, Hubert Lethaby; vice-captain, G. C. Grant; honorary secretary, A. F. Mitchell; re-elected for third term; honorary treasurer, W. I. and member of executive, V. Moore.

The club decided to enter a team again in the Wednesday League.

GOLF FACTS NOT THEORIES
Alex Morrison

Golf is essentially a habit-forming game. If you have formed the habit of doing the wrong thing, your scores will be high. In order to make low scores you must make the correct things very much of a habit.

This may seem too theoretical or too general to apply to an individual's game but let me give you an example of how it is connected with your game. When you have pushed or pulled a tee shot into the rough do you hit the next one down the middle? Chances are you don't. Or

Wednesday League Is Preparing for Second Cup Match

WEDNESDAY Football League started preparations for the second match of the Ansonby Cup series against the Saturday League representatives at a meeting last night in The Colonist board room by selecting two teams to play a series of trial games. First work-out of the squads will be held Sunday morning at Beacon Hill ground at 10:30, and the following players are asked to turn out: L. DeCosta, Stewart, Wyatt, Cockrill, Cann, Bissell, Robinson, Kennedy, Raeside, Oakman, Fieldhouse, Lee, Bradley, Geddes, McBride, Speller, Ross, Belford, Barnswell, Collins, E. DeCosta, W. DeCosta and Brown, Reserves, Saddler, Kennedy, Preston, D. Gent, Murray and K. Gent. The mid-weekers won the first game, 3-2, and will field their strongest line-up with hopes of making it two straight. The match is expected to be played at the Athletic Park on New Year's Day.

Now, in your first swing after a bad shot, you should make sure that your head is held in position until the swing is completed. And in every swing thereafter you should make sure that your head is in the proper position until the ball has been hit. By repeating the proper head position, you are making a habit of the correct thing, and in time this will enable you to do other things correctly.

This job of making habit of the correct things cannot be done successfully when you try to do the right thing every other swing. Try to do the correct thing every time.

Willows Club Tourney Ends Handicap Shuttle Champions Are Crowned at Annual Tournament

Another successful handicap shuttle meet terminated Monday evening at the Willows Badminton Club when finals were played in all divisions. At the conclusion of the tournament, Mrs. A. Joan Fletcher Is Winner of Trophy
Winning four straight holes from the seventh to the tenth to take a substantial lead, Miss Joan Fletcher won the Lansdowne Cup final from Miss Jean Robinson, yesterday afternoon, at the Uplands Golf Club, 4 and 2. Although a handicap event, the pair started off on even terms. Miss Robinson won the twelfth and fifteenth holes to stay in the running after losing the thirteenth and halving the dog-leg fourteenth. Miss Fletcher closed out the match at the sixteenth with another win. On Friday the women members will tee off in the postponed par competition.

Winners at Oak Bay
Mrs. H. N. Lay and Mrs. Ellis finished four down to share top place in "A" class in the women's par competition held at the Victoria Golf Club yesterday in "B" class. Mrs. E. P. Ollivier finished all square to carry off the prize.

FARR TRAINS PRAIRIE BOY

English-Fighter Helping to Get Eddie Wenstob Into Condition

WINDSOR, England, Nov. 23 (AP)—Tommy Farr returned to the ring today—not as the star performer in a heavyweight title fight, but as a humble sparring partner for Eddie Wenstob, Edmonton heavyweight champion of South Africa, here Monday.

Hearing the Canadian was having difficulty in getting capable sparring partners, Farr telephoned to offer his services.

Wenstob fought a round of solid punching with the Welsh holder of the British Empire title. Tompandy Tommy seemed in good shape and was eager to spar another round, but the Canadian's handlers decided he should take the workout for the day. Wenstob told Farr he would be glad of his help on another occasion.

Farr was impressed with the Canadian boxer's showing.

"Wenstob impressed me as a sound fighter, and I'm sure he'll do well," the Welshman said.

The cowboy clouter fought here several times in 1935, including two bouts with Farr. Although he earned a name for himself as a two-fisted puncher, the decision both times went to the Welshman.

LIFE'S LIKE THAT - By Fred Neher

I finally got the evidence on that gambling joint at Third and Elm. Chief.

Jane Dixon Says:

A YOUNG WOMAN, WHO SAYS SHE IS VERY MUCH IN LOVE, WONDERS IF SHE SHOULD WAIT THREE YEARS FOR HER FIANCE, NOW IN COLLEGE.

True love does not look for a substitute when time puts it to a test. Love is not true unless it has an abiding faith in itself and in the loved one.

If we doubt the lasting quality of a love, if we question the enduring loyalty of the one to whom we give our love, it is better to drop all consideration of marriage with that one until such time as our faith is infinite.

Dear Miss Dixon: I've been going with a boy for about a year. We are deeply in love—at least I am. He is twenty-one; I am twenty. He tells me he loves me, never goes with another girl. He is away in college, and I miss him terribly. We write to one another at least three times a week.

Do you think he really loves me? We are planning on marrying when he finishes college. That will be three years to wait. I'm undecided whether to wait for him or not. You see I went with a boy once before, and we planned to marry; but when the time came he began going with another girl. I vowed I never would fall in love again, but here I am, deeper than ever before.

Another fear I have is that his parents will prevent our marriage because of my religion. Though they seem to like me very well—they have entertained me in their home and been most cordial to me—I'm afraid of their objections.

Miss Dixon, do you think I should take the chance of waiting for this boy? I don't see how I could bear to give him up. Or do you think I should start going with other boys in case we do not marry after all?—Jean.

Comment: If you love the young man enough to want to marry him and are the woman you should be, there is nothing you can do except wait for him. In the meantime, there is no reason why either of you should isolate yourselves in the name of love. Why not be friendly and companionable with other young men of your acquaintance and allow your college sweetheart the same privilege? If in absolving love from a kind of inhuman bondage, either of you find someone to whom you can give a greater love, you will know that you would not have found the ultimate happiness in marriage—to one another. Parents of sons these days should be happy to find their son has chosen a girl with a religion, regardless of its denomination. So many young folks have no religion except fun and self. When your young man completes his college course, he should have enough intelligence to know that it is not how, but how well we worship God that counts.

NOTED BRIDGE TEAM WINS VANDERBILT CUP

NEW YORK, Nov. 23 (AP).—The "Four Aces" won the Vanderbilt Cup, blue ribbon bridge award, by defeating a team, last night, led by Harold S. Vanderbilt.

The margin of victory was 4,080 points in the seventy-two board championship match.

The "Aces"—Oswald Jacoby, Howard Schenken, David Burnstine, M. D. Maier and Sherman Stearns—traded by sixty points after thirty-six boards had been played last night. It was the third victory for the "Aces" in the ten-year history of the trophy.

ENTER BY FRONT DOOR TO CARRY OFF SAFE

BRANDON Man, Nov. 23 (AP).—Thieves cut a hole in the glass of V. Smith's front door and carried a safe away with its contents of cash, stocks, bonds and jewelry, valued at \$3,000, police reported today. A smashed safe was found on the outskirts of the city.

SIR JOHN ROXBURGH DEAD

GLASGOW, Nov. 23 (AP).—Sir John Archibald Roxburgh, a prominent figure in the shipping world, died today at the age of eighty-three. He was chairman of Roxburgh, Collin Scott & Co. of Glasgow, and for many years was an underwriter at Lloyds.

American Mail Liner President Grant Here Today From Orient Ports

From Far East ports, the American Mail Liner President Grant, Captain H. B. Clark, U.S.N.R., commander, was due to reach Victoria at 3:30 a.m. today, according to advices received here by W. M. Allan, local agent for the steamship company. The Grant, he stated, would come up to Rihet Piers at 4 o'clock, when work of unloading the liner would begin immediately.

The Grant has passengers, mail and cargo for Victoria. Her freight for the port totals over 2,000 measurement tons and will take about seven hours to land. Of this cargo, 1,600 tons comprise shipments of Japanese oranges, mainly for Eastern delivery, although some 1,500 bundles are for local consignees. In all there are about 33,000 bundles of oranges aboard the Grant, the largest tonnage arriving so far this season.

NIAGARA DELAYED
Because mails from the East Coast will be late in arriving at Vancouver today, the Canadian-Australasian S.S. Niagara will not leave the Mainland port at her usual time of sailing. Instead of 10 a.m., her regular hour of departure, it will be 1 p.m. when she casts off from the Vancouver dock, according to James Macfarlane, local agent of Canadian Pacific Railways. The Niagara should be alongside Rihet Piers about 6 p.m., and as soon as passengers, mails and cargo go aboard, the liner will get away for Honolulu, her first port of call on the way to Sydney.

LUMBER SHIPS
There were two lumber carriers loading at Odden Point Piers yesterday—the Hylton, which was slow-loading a parcel totalling 800,000 feet for Australia, and the Celtic Monarch, which was loading 680,000 feet for the United Kingdom. The latter ship was expected to get away during the night for Port Alberni. Another ship, the Sedgewood, is due at the assembly plant today.

RECORD MOVEMENT
Five ships loaded a total of \$4,000

boxes of British Columbia apples at New Westminster over the past week-end, as well as other miscellaneous freight. The apple movement from the Fraser River port this season has been outstanding, and it is possible there may be a record export of British Columbia fruit by the end of the year.

The Damasteryk took 5,000 boxes; the St. Nelson, a special fruit ship, loaded 50,000 boxes; the Lauritz Swenson, 6,000 boxes; the America, 10,000 boxes; and the Pacific President, 9,000 boxes.

RUNS SATISFACTORY
The motorship Broomdale, the fifth of a group of eight motor-driven oil tankers ordered by the British Tanker Company from Harland & Wolff, has just completed successful trials and will shortly be handed over to the Admiralty for service as a Royal Fleet auxiliary. It will be recalled that her sister ship, the Boardale, was also transferred to the Admiralty on completion in June of this year. The motorship British Security, sixth of the group, has just been launched from the Gowan yard of Harland & Wolff.

In the British House of Commons recently, Captain P. Macdonald asked the President of the Board of Trade if he would state the number of foreign ships transferred to the British register in the last six months. The reply was that during the six months ended September 30, 1937, 148 foreign ships were transferred to the British register and permanently registered as British ships. Their previous countries of registry were as follows: Norway, 6; Panama, 2; Greece, 5; Estonia, 1; United States, 28; Yugoslavia, 2; France, 19; Denmark, 7; Latvia, 1; Argentina, 1; Hungary, 3; Borneo, 1; Italy, 1; Sweden, 3; Japan, 1; Netherlands, 45; Belgium, 4; Germany, 7; China, 6; Spain, 5; Sarawak, 1; and Luxemburg, 1.

VANCOUVER SHIPPING

VANCOUVER, Nov. 23 (P)—The Canadian National Steamships' coastal steamer, Prince John, has been delayed on her return from the Queen Charlotte Islands by heavy storms and is expected to arrive here Friday, company officials announced today.

A. L. Hager, Vancouver chairman of the International Sockeye Salmon Committee, was back in Vancouver tonight after attending the annual convention of the Association of Pacific Fisheries at Del Monte, Cal. Hager addressed the convention delegates on the salmon treaty and its value to Canada and the United States.

A man declared in a police court the other day that his wife treated him like a lodger. Few husbands are so fortunate.

BODY OF FLYER
IS DISCOVERED

Condition of His Hands and Knees Indicate Futile Crawl for Assistance

THE PAS, Man., Nov. 23 (P)—The body of Flying Officer C. H. Porter, of the Royal Canadian Air Force, victim with Aircraftman E. G. Doran of a plane crash at Morrison Lake, August 7, was reported found with arrival here today of an Indian dog driver.

The two flyers met death about sixty miles east of The Pas. Aircraftman Doran's body was found in the wrecked plane, submerged in Morrison Lake. Poor flying weather was said to have caused the crash.

The Indian dog driver bringing word of finding Porter's body was Sam Pranteau, who mused the mail from Grand Rapids, about 100 miles east of The Pas. He said it was found by Indians early this month, but could not be reported until ice hardened sufficiently to permit the first dog team journey of the season from Grand Rapids.

The stocky Indian driver said he was informed the body was found half a mile from the crash. Skin was scraped from hands and knees, indicating a futile crawl for assistance by the injured aviator.

It was thought Porter either jumped from a burning plane or was thrown out while it plunged to earth. Forest fires were burning at the time and smoke is believed to have hindered the flyer's vision.

What Today Means

"SAGITTARIUS"
If November 24 is your birthday, the best hours for you on this date are from 10:15 a.m. to 12:15 p.m., from 2:15 to 4:15 p.m., and from 8:15 to 10:15 p.m. The danger periods are from 8:15 to 10:15 a.m., from 6:15 to 8:15 p.m., and from 10:15 p.m. until midnight.

You cannot afford to be too busy to recognize some of the beautiful things that will be observable this day. By being unmindful of what is going on around and about you, you might suffer a decided loss of some kind. It might be well not to accept what people say too literally, for much is likely to be said in the way of politeness only, with little or no sincerity back of it. The imagination of the average person is apt to be exceptionally lively this

day, so many fanciful tales are likely to be narrated. However, many facts, much stranger than fiction, perhaps will be told, and in some cases, unfortunately, are going to be doubted. A good deal of good, sound advice is likely to be offered, so consider carefully suggestions made to you, because one of them might save you from a lot of trouble. Married and engaged couples, as well as those whose courtship is progressing satisfactorily, ought to be careful to give no offence by questioning the truthfulness of any statement made this day.

If a woman and November 24 is your birthday, whatever responsibilities might be thrust upon you, probably will be discharged in a thoroughly efficient manner. You must never question your ability to compete successfully with other people in your line of activity. You conserve your energy, thereby frequently giving strangers the impression that you lack it, but when the occasion arises you display a dynamic spirit. You are not likely to believe in having more than one iron in a fire, so whatever you undertake ought to be done exceptionally well. The lecture platform, stage, radio broadcasting, schoolroom, or selling field ought to provide the right sphere of activity for you. A congenial husband and a home of your own are the best mediums for you to find the greatest amount of happiness.

The child born on November 24 is generally a very lively, fun-loving youngster. A fertile imagination may cause it to do a great amount of harmless romancing during its adolescence. When childhood merges into youth, this child as a rule becomes very dependable and ambitious.

If a man and November 24 is your natal day, you are probably in every respect a good sportsman, and prove it by your actions daily. As a musician, poet, author, banker, manufacturer, or broker success may make you an outstanding figure locally or nationally.

Juneau Citizens Want Act Waived During Argument

JUNEAU, Alaska, Nov. 23 (P)—Juneau citizens today suggested Congress arrange to waive or amend the Jones Act during the present Alaska shipping emergency, so Canadian vessels could carry American goods to and from Alaska. United States lines have canceled passenger sailings, due to a controversy with the Marine Cooks and Stewards' Union.

John Cormode, resident vice-president of the American Mail Line, said: "We're in the passenger business and we intend to stay in it." His statement followed protests over reports the port commission received from San Francisco that American Mail liners would operate only as freighters.

Cormode said passenger service would be resumed as soon as vessels of the President fleet were made to conform to maritime regulations.

Unusual Suit, Growing Out of Summer Vacation, Is Started in Portland

PORTLAND, Ore., Nov. 23 (P)—In an unusual case growing out of a summer vacation of three students, the Norwegian motorship Maloja was held in port today under a \$38,040 libel action filed by the youths' guardian, George Eates, lawyer, on grounds the captain "ditched" the trio in distant Yokohama.

Eates said the boat would have to remain here "until a bond satisfactory to us is posted." A hearing in United States Federal court remains to be set.

The complaint alleged Kenneth Long, seventeen; Alfred Sadler, eighteen; and Stanley Walker, eighteen, all of Portland, sailed on the Maloja last May for the Orient, intending to return for the Fall school. Reaching Yokohama, the captain told the students he had to go to Singapore.

Upon their return to Japan, the captain said he had to sail to Australia and might be gone a year, the complaint alleged. When the youths protested, they claimed he called them "American rats" and abandoned them.

Eates said he had to cable return passage of \$180 each, and besides the fare, damages of \$1,000 each were asked for failure to return the youths and \$11,500 each for impaired health caused by bad food and poor living conditions. The students got home after school opened in September.

WILL REMAIN IN BUSINESS

American Mail Line Has No Intention of Abandoning Passenger Service

SEATTLE, Wash., Nov. 23 (P)—Assurance the American Mail Line would resume passenger service from Seattle to the Orient as soon as possible came today at the same time United States Senator Schwelb (D., Wash.), suggested Northwest interests establish a Pacific passenger steamship service.

John Cormode, resident vice-president of the American Mail Line, said: "We're in the passenger business and we intend to stay in it." His statement followed protests over reports the port commission received from San Francisco that American Mail liners would operate only as freighters.

Cormode said passenger service would be resumed as soon as vessels of the President fleet were made to conform to maritime regulations.

GREAT FLYING BOAT LAUNCHED

Built for Soviet Russia. Martin Plane Will Carry Forty-Six Passengers

BALTIMORE, Nov. 23 (P)—The largest flying boat ever built in this country has yet to try its wings before being turned over to its purchaser, Soviet Russia.

The Glenn L. Martin Company's giant clipper must undergo further tests before it takes to the air.

Soviet officials saw the 63,000-pound giant, with its 137 feet of wings, slide down a construction ramp into the water. It has room for forty-six passengers by day and twenty-six can sleep in individual bunks. With four 1,000-horsepower motors, it has a cruising speed of from 140 to 170 miles per hour and a range of 4,500 miles.

NOTICE TO MARINERS
Mariners are advised—that the red and black can buoy marking Victoria Rock, Truncum Channel, is reported out of position. This will be replaced as soon as possible.
